

A4 Fehlercodes

Allgemeine Hinweise zu Paygate-Fehlercodes

Paygate-Fehlercodes haben im Allgemeinen 8 Ziffern und sind wie folgt codiert (d. h. Sie bestehen aus den Ziffern 0..9 und den Zeichen A..Z) in diesem Format: **AN8**, (**NNNNAAAA**), z.B. **22060203** oder **2206014H**.

Die Struktur der Fehlercodes ist immer wie folgt:

Position	Bedeutung	Beispiel
Digit 1	Zeigt den Statuscode / Fehlercode an	2
Digit 2 .. 4	Zeigt das betroffene Modul an	206
Position 5 .. 8	Zeigt den betroffenen Parameter an, der den Fehler verursacht	0203 or 014H

Ziffer 1: Statuscode oder Fehlercode

Digit 1	Bedeutung	Beschreibung
0	OK	Operation erfolgreich abgeschlossen
2	Fehler	Operation gescheitert
4	Fataler Fehler	Operation gescheitert und verarbeitete Daten möglicherweise verloren
6	Temporärer Status	Operation ist nicht abgeschlossen. Der endgültige Status wird asynchron übertragen
7	EMV 3DS Info	Zwischenzustände in der EMV 3-D Secure Sequenz

Digits 2..4: Common modules

Digit 2..4	Beschreibung
001	Paygate-Kryptographie (Ver- und Entschlüsselung)
010	Parameter fehlt
011	Parameter Formatfehler
012	Parameter Wert fehlt
013	Parameter ist zu kurz
014	Parameter ist zu lang
015	Parameter Wert fehlt
016	Parameter Wert unbekannt oder nicht erlaubt
017	Parameter ist bereits angegeben
018	Parameter ist abgelaufen oder nicht mehr gültig
019	Parameter ist nicht erlaubt für aktuelle Message-Version
020 - 0FF	Paygate intern
100 - FFF	Betroffenes Modul

Ziffer 2..4: Modul-Übersicht

 Bitte beachten Sie, dass einige Module möglicherweise veraltet sind oder sich noch in der Entwicklung befinden. Diese Liste ist nur eine Referenz für verwendete Modul-IDs.

Moduleld	Kategorie	Erklärung
----------	-----------	-----------

100	Kredit Debit Karten	credit card / debit card: Common codes
101	Kredit Debit Karten	credit card / debit card: ATOS/Worldline
102	Kredit Debit Karten	credit card / debit card: Cofidis
105	Kredit Debit Karten	credit card / debit card: easycash
105	Kredit Debit Karten	credit card / debit card: easycash
105	Kredit Debit Karten	credit card / debit card: easycash
107	Kredit Debit Karten	credit card / debit card: Nets
108	Kredit Debit Karten	credit card / debit card: CIAL
109	Kredit Debit Karten	credit card / debit card: EVO Payments
110	Direct Debit / Lastschrift	Direct Debit / Lastschrift EBICS
111	Direct Debit / Lastschrift	Direct Debit / Lastschrift via B+S
112	Direct Debit / Lastschrift	Direct Debit / Lastschrift via easycash
113	Direct Debit / Lastschrift	Direct Debit / Lastschrift Blacklist/OLV
115	Online-/Sofort-Überweisung	iDEAL direct
116	Online-/Sofort-Überweisung	giropay via Starfinanz
116	Online-/Sofort-Überweisung	giropay via EVO
117	Direct Debit / Lastschrift	EDD via EVO
118	Kredit Debit Karten	Kreditkarte via Wirecard
119	eWallet	Alipay direct
120	Kredit Debit Karten	3D general
121	Kredit Debit Karten	Kreditkarte via Elavon
122	Direct Debit / Lastschrift	EDD via SmartDebit
123	Invoice Installments	Paysafe Pay Later direct
123	Debtor Management	Debitorenmanagement via RealSolution
124	Kredit Debit Karten	Kreditkarte via PayPal
125	Invoice Installments	easyCredit direct
126	Kredit Debit Karten	Kreditkarte via Kalixa
127	Direct Debit / Lastschrift	B4Payment direct
127	eWallet	Arvato AfterPay
128	eWallet	GooglePay
129	Invoice Installments	Consors Finanz
130	Cash-In / Bill-Payment	CashTicket
131	Prepaid	Paysafecard direct
132	Voucher	FaschionCheque direct
133	Cash-In / Bill-Payment	PECFlash via PagBrasil
136	Direct Debit / Lastschrift	EDD via PPRO
137	Online-/Sofort-Überweisung	CIMB Clicks via PPRO
138	Invoice Installments	Cetelem FullCB
139	Invoice Installments	Cetelem Presto
140	Prepaid	Cash & Go via easycash
141	eWallet	Android Pay direct

144	eWallet	Bitnet direct
150	eWallet	PayPal direct
151	Invoice Installments	Billsafe direct
152	Invoice Installments	Billpay direct
153	eWallet	Amazon Payments
154	eWallet	Yapital direct
155	Online-/Sofort-Überweisung	Trustly direct
156	Invoice Installments	PayByBill direct
157	Cash-In / Bill-Payment	Barzahlen direct
158	Kredit Debit Karten	Kreditkarte via PagBrasil
159	eWallet	iPay direct
160	Invoice Installments	Paymorrow direct
161	Cash-In / Bill-Payment	Boleto Bancário via PagBrasil
162	Online-/Sofort-Überweisung	OBT via PagBrasil
163	Risiko-Management	RiskIdent
164	Risiko-Management	lovation
165	eWallet	MobilePay by Danske Bank
166	eWallet	PayU India Checkout
167	Kredit Debit Karten	Kreditkarte via PayU India
168	eWallet	Asiapay Checkout
169	eWallet	ApplePay direct
170	Kredit Debit Karten	Kreditkarte via PayU
171	eWallet	PayU WebCheckout
172	Kredit Debit Karten	Kreditkarte via PayU Africa
173	eWallet	PayU Africa Web Checkout
174	Kredit Debit Karten	Tank und Flottenkarten via Total
175	Kredit Debit Karten	Dynamic Currence Conversion
176	Kredit Debit Karten	eNett Virtual Account Numbers
177	eWallet	Swish mobile payments
178	Online-/Sofort-Überweisung	eNets via PPRO
179	Online-/Sofort-Überweisung	e-Pay Petronas via PPRO
181	Risiko-Management	Schufa ident direct
182	Risiko-Management	Boniversum direct
183	Cash-In / Bill-Payment	Indonesia ATM via PPRO
184	Online-/Sofort-Überweisung	MyClear FPX via PPRO
185	Risiko-Management	Scoring (Schufa etc) via Universum Group
186	Risiko-Management	PayProtect direct
187	Invoice Installments	Klarna direct
188	Risiko-Management	CRIF direct
189	Invoice Installments	Ratepay direct
191	Prepaid	mPass direct

192	Online-/Sofort-Überweisung	Sofortüberweisung direct
193	Online-/Sofort-Überweisung	EPS direct
194	Kredit Debit Karten	Kreditkarte via Chase Paymentech
195	Kredit Debit Karten	credit card Rom
196	Risiko-Management	Escore direct
197	Risiko-Management	Bürgel direct
198	eWallet	PayU direct
199	Direct Debit / Lastschrift	EDD via InterCard
201	Kredit Debit Karten	Kreditkarte via APACS
202	Online-/Sofort-Überweisung	PAYSBUY Cash via PPRO
203	Online-/Sofort-Überweisung	RHB Bank via PPRO
204	Cash-In / Bill-Payment	7-Eleven
205	Kredit Debit Karten	Kreditkarte via GICC
205	Kredit Debit Karten	Kreditkarte via GICC
206	Kredit Debit Karten	3D Kreditkarte via GICC
207	Kredit Debit Karten	3D Kreditkarte via GICC
208	Kredit Debit Karten	Kreditkarte via GP/EMS
209	Kredit Debit Karten	3D Kreditkarte via GP/EMS
210	Kredit Debit Karten	3D Kreditkarte via GP/EMS
211	Kredit Debit Karten	Kreditkarte via UCS
212	Kredit Debit Karten	Kreditkarte via iCard
213	eWallet	MasterPass
214	Kredit Debit Karten	3D Kreditkarte via GICC
215	Kredit Debit Karten	Kreditkarte via Snap
216	Kredit Debit Karten	3D Kreditkarte via GP/EMS
218	Kredit Debit Karten	3D Kreditkarte via GICC
219	Kredit Debit Karten	3D Kreditkarte via GICC
220	Kredit Debit Karten	Kreditkarte via Vantiv
221	eWallet	BitPay via PPRO
222	Online-/Sofort-Überweisung	Dragonpay via PPRO
223	Online-/Sofort-Überweisung	Maybank2u via PPRO
225	Online-/Sofort-Überweisung	AstroPay/Card via PPRO
226	Cash-In / Bill-Payment	Raberil via PPRO
227	Cash-In / Bill-Payment	Raberil Payout via PPRO
228	Online-/Sofort-Überweisung	Bank Transfer via PPRO
230	Online-/Sofort-Überweisung	iDEAL via PPRO
231	Online-/Sofort-Überweisung	Przelewy24 via PPRO
232	Online-/Sofort-Überweisung	Postfinance via PPRO
233	Online-/Sofort-Überweisung	giropay via PPRO
234	Online-/Sofort-Überweisung	Sofort via PPRO
235	Prepaid	Paysafecard via PPRO

237	Online-/Sofort-Überweisung	EPS via PPRO
238	Kredit Debit Karten	Kreditkarte via Card Clearhaus
239	Kredit Debit Karten	Kreditkarte via PPRO
240	Cash-In / Bill-Payment	Teleingreso via PPRO
241	eWallet	Skrill via PPRO
242	Direct Debit / Lastschrift	Direct Debit / Lastschrift via PPRO
243	eWallet	Fasterpay via PPRO
244	Online-/Sofort-Überweisung	Poli via PPRO
245	eWallet	Quiwi via PPRO
246	eWallet	Trustpay via PPRO
247	Direct Debit / Lastschrift	Direct Debit / Lastschrift via PPRO
248	Online-/Sofort-Überweisung	Safetypay via PPRO
249	eWallet	Alipay via PPRO
250	Debtors Management	Debitorenmanagement via IDEAL Group
251	Kredit Debit Karten	Kreditkarte via Banksys
252	eWallet	Amazon Payments (Login and Pay) direct
253	Risiko-Management	BIG direct
254	Kredit Debit Karten	Kreditkarte via Be2bill
255	Kredit Debit Karten	Kreditkarte via Credorax
256	Kredit Debit Karten	Kreditkarte via Limonetik
257	Online-/Sofort-Überweisung	Multibanco via PPRO
258	Online-/Sofort-Überweisung	Finnland Online-/Sofort-Überweisung via PPRO
259	Kredit Debit Karten	Bancontact via PPRO
260	eWallet	Computop China
261	Online-/Sofort-Überweisung	MyBank via PPRO
262	Kredit Debit Karten	CreditCard Sabadell
263	Kredit Debit Karten	American Express CAPN
264	eWallet	KlarnaCheckout direct
265	eWallet	PostPay direct
266	Kredit Debit Karten	Kreditkarte via eCP
267	eWallet	PayU CEE Checkout
268	Kredit Debit Karten	Kreditkarte via PayU CEE
269	Kredit Debit Karten	Kreditkarte via SIA
270	Kredit Debit Karten	Kreditkarte via AndersonZaks
271	Kredit Debit Karten	Kreditkarte via Heartland
272	Cash-In / Bill-Payment	PayU LatAm Cash Payment
273	Online-/Sofort-Überweisung	pay direkt direct
274	Kredit Debit Karten	Kreditkarte via PayU LatAm direct
275	eWallet	PayU LatAm Web Checkout
276	eWallet	ChinaPay direct
277	Kredit Debit Karten	TestCard

278	Kredit Debit Karten	Paygate.net Korea credit card direct
279	Kredit Debit Karten	Kreditkarte via Card Complete
280	Kredit Debit Karten	Kreditkarte via Chase Paymentech
281	Kredit Debit Karten	Kreditkarte via RBI
282	Kredit Debit Karten	MasaPay
283	Kredit Debit Karten	SafeCharge direct
284	Cash-In / Bill-Payment	Boleto via PPRO
285	Kredit Debit Karten	China UnionPay via PPRO
286	eWallet	Wechat Pay via PPRO
287	eWallet	Zimpler via PPRO
288	Kredit Debit Karten	Tank und Flottenkarten via IFSF (EUROWAG)
289	Invoice Installments	Klarna Payments
290	Kredit Debit Karten	Kreditkarte via Girocard
291	Kredit Debit Karten	Kreditkarte via Nepting
292	Kredit Debit Karten	Credomatic
293	eWallet	Bluecode
294	Kredit Debit Karten	CB2A Frankreich
297	Accertify	Accertify Fraud Management
303	eWallet	WeChat direct
310	Kredit Debit Karten	Kredit Karte via GMO PG

Digits 5..8: Details zu Fehlercodes, 3-D Secure

Status	Kategorie	Detail	Beschreibung
2	xxx	0101	Empfangene Nachricht ungültig
2	xxx	0102	Nachrichten-Versionsnummer nicht unterstützt
2	xxx	0103	Limit gesendete Nachrichten erreicht. Nur für PReq verwendet
2	xxx	0201	Erforderliches Element fehlt
2	xxx	0202	Kritische Nachrichten-Erweiterung nicht erkannt
2	xxx	0203	Format bei einem oder mehreren Elementen ist gemäß Spezifikationen ungültig
2	xxx	0204	Doppeltes Datenelement
2	xxx	0301	Transaktions-ID nicht erkannt
2	xxx	0302	Fehler der Datenentschlüsselung
2	xxx	0303	Zugriff verweigert, ungültiger Endpunkt
2	xxx	0304	ISO-Code ungültig
2	xxx	0305	Transaktionsdaten ungültig
2	xxx	0306	Händler-Kategoriecode ist für das Zahlungssystem ungültig
2	xxx	0307	Seriennummer ungültig
2	xxx	0402	Zeitüberschreitung der Transaktion
2	xxx	0403	Kurzzeitiger Systemausfall
2	xxx	0404	Permanenter Systemausfall
2	xxx	0405	Systemverbindungsfehler
2	xxx	0911	Spezifischer Fehlercode von UnionPay. Vorhanden, wenn die Datenfelder-Relevanzprüfung scheitert (ECI-Wert und AV-Erscheinungsbild sind inkonsistent mit dem Transaktionsstatus).

2	xxx	0912	Spezifischer Fehlercode von UnionPay. Vorhanden bei duplizierter Transaktions-ID (Die Transaktions-ID sollte für alle AReq-Anfragen eindeutig sein).
2	xxx	0985	3DS 2.0 wird von der Karte nicht unterstützt. Der Händler muss dem Fallback-Prozess folgen.
2	xxx	3001	Ungültiger Parameter card
2	xxx	3002	Ungültiger Parameter browserInfo
2	xxx	3003	Ungültiger Parameter accountInfo
2	xxx	3004	Ungültiger Parameter billToCustomer
2	xxx	3005	Ungültiger Parameter shipToCustomer
2	xxx	3006	Ungültiger Parameter billingAddress
2	xxx	3007	Ungültiger Parameter shippingAddress
2	xxx	3008	Ungültiger Parameter credentialOnFile
2	xxx	3009	Ungültiger Parameter merchantRiskIndicator
2	xxx	3010	Ungültiger Parameter threeDSPolicy
2	xxx	3011	Ungültiger Parameter threeDSData
7	000	0000	3DS 2.0 Versionierung erfolgreich
7	000	0001	Authentisierungs-Antwort --> Challenge vorgeschrieben

Digits 5..8: Details zu Fehlercodes, Allgemein

Detail	Abbreviation	Details
0000	Unspecified	Unspecified problem which needs to be analysed manually, please contact Computop Helpdesk .
0001	Payid	Named parameter caused a problem.
0002	TransID	Named parameter caused a problem.
0003	MerchantID	Named parameter caused a problem.
0004	ReqID	Named parameter caused a problem.
0005	Amount	<p>Named parameter caused a problem.</p> <p> if your payment method requires an ArticleList, please check whether the sum of these amounts matches the total amount in your request.</p> <p> the amount is the first parameter checked in your request. It has to be sent as numeric in the smallest currency (i.e.: 1,23 has to be sent as 123).</p> <p> please ensure that you use the correct key for blowfish-encryption for each MID; please do not mix-up blowfish-key for different MIDs (test, prod, ecom, ...)</p>
0006	Currency	Named parameter caused a problem.
0007	Data	Named parameter caused a problem.
0008	Len	Named parameter caused a problem.
0009	Capture	Named parameter caused a problem.
0010	Response	Named parameter caused a problem.
0011	Orderdesc	Named parameter caused a problem.
0012	Orderdesc2	Named parameter caused a problem.
0013	CHDesc	Named parameter caused a problem.
0014	Plain	Named parameter caused a problem.
0015	CCNr	Named parameter caused a problem.

0016	CCNr	Named parameter caused a problem.
0017	CCEpiry	Named parameter caused a problem.
0018	CCBrand	Named parameter caused a problem.
0019	CCCVC	Named parameter caused a problem.
0020	INVALID PARAM: URLSUCCESS	Named parameter caused a problem.
0021	INVALID PARAM: URLFAILURE	Named parameter caused a problem.
0022	INVALID PARAM: URLNOTIFY	Named parameter caused a problem.
0023	Accowner	Named parameter caused a problem.
0024	AccNr	Named parameter caused a problem.
0025	AccBank	Named parameter caused a problem.
0026	AccIBAN	Named parameter caused a problem.
0027	AccIBANList	Named parameter caused a problem.
0028	PARes	Named parameter caused a problem.
0029	MobileNo	Named parameter caused a problem.
002A	Lastname/ Name	Named parameter caused a problem.
002B	AddrStreetNr/ HNo	Named parameter caused a problem.
002C	EMail	Named parameter caused a problem.
002D	TaxAmount	Named parameter caused a problem.
002E	ArticleList	Named parameter caused a problem.
002F	INVALID PARAM PROMOTION	Named parameter caused a problem.
0030	MobileNet	Named parameter caused a problem.
0031	insStatus	Named parameter caused a problem.
0032	RefNr	Named parameter caused a problem.
0033	Zone	Named parameter caused a problem.
0034	TransURL	Named parameter caused a problem.
0035	Textfeld1	Named parameter caused a problem.
0036	Textfeld2	Named parameter caused a problem.
0037	Firstname	Named parameter caused a problem.
0038	gender	Named parameter caused a problem.
0039	birthdate	Named parameter caused a problem.
003A	AddrStreet/ Straße	One of the named parameter caused a problem.
003B	AddrZip/ PLZ	One of the named parameter caused a problem.
003C	AddrCity/ Ort	One of the named parameter caused a problem.
003D	Invalid IP adress	The IP address was invalid.
003E	RequestID	Named parameter caused a problem.
003F	amount3d	Named parameter caused a problem.
0040	No Response	Backend systems (e.g. acquiring, card schemes or payment schemes API) was not responding.
0041	Startdate	Named parameter caused a problem.
0042	Enddate	Named parameter caused a problem.
0043	MerchantIDExt	Named parameter caused a problem.

0044	MAC	<p>Named parameter caused a problem.</p> <p> Please use only digits and capital letters in MAC value - small letters are not allowed</p> <p> Please find details on MAC-calculation here:</p> <ul style="list-style-type: none"> • EN: Programming basics#HashMAC-Authentication • DE: Programmiergrundlagen#HashMAC-Authentisierung
0045	Merchant Busy	Overload of the merchant account.
0046	No TID available	No terminal ID available for incoming transaction.
0047	Missing TID	The necessary TerminalID was missing.
0048	Missing VuNr	The merchant number with the acquiring bank was missing.
0049	expirationTime	Named parameter caused a problem.
004A	BIC NOT LISTED	Named parameter caused a problem.
004B	BANKCODE IBAN MISMATCH	Named parameter caused a problem.
0050	System Error	The Paygate or backend systems transmitted a system error.
0051	Timeout / Request timed out	Processing error due to timeout.
0052	Communication Error	Processing error due to communication problems.
0053	Cancel by User	Processing aborted by user.
0054	Reversal	The reversal of a transaction caused an error.
0055	Unknown	Unknown problem which needs to be analysed manually, please contact Computop Helpdesk .
0056	Timeout	The individual timeout between Paygate and merchant system was exceeded (NVAG).
0057	Credit agencies	Named parameter caused a problem.
0058	IssuerID	Named parameter caused a problem.
0059	Account	Named parameter caused a problem.
0060	Not active	The transmitted transaction type was not activated for the merchant account, please contact Computop Helpdesk .
0061	Not found	The payment could not be found due to an erroneous PAYID.
0062	Other transaction active	Another transaction step was pending and therefore blocking the requested transaction.
0063	Not allowed	The transaction was not allowed.
0064	splitting active	For enhanced transaction management only: the Paygate was carrying out an authorisation after a partial capture and could therefore not process the requested transaction.
0065	capture active	For enhanced transaction management only: the Paygate was carrying out an a capture transaction and could therefore not process the requested transaction.
0066	credit active	For enhanced transaction management only: the Paygate was carrying out an a credit (refund) transaction and could therefore not process the requested transaction.
0067	Overcapture	Named parameter caused a problem.
0068	Already Authorized	The payment has already been authorised.

0069	Nothing captured	The capture was not processed due to a lacking prior authorisation.
0070	MinValue	The capture was not processed due to an amount lower than the minimum value (for individual minvalues, please contact our Computop Helpdesk).
0071	Disabled	The requested function was deactivated, e.g. captures during the test phase.
0072	Already captured	The capture has already been carried out and could not be repeated.
0073	Aborted	The transaction was aborted.
0074	Amount override	The capture amount was higher than the admitted amount which was linked to the prior authorisation.
0075	Nothing authorized	Authorisation missing.
0076	Capture abort impossible	The capture was being processed (Capture_Request, Capture_Waiting) and therefore could not be aborted.
0077	No valid paymethod found	The requested payment type was not activated for the merchant account, please contact Computop Helpdesk .
0078	Paymethod invalid	The requested payment type was not supported for the payment method.
0079	ValidationURL	Transaction failed, named parameter caused a problem.
0080	Paymethod not supported	The requested payment type was not supported for the payment method.
0081	Action not supported	The payment method did not support the requested paytype (e.g. Capture for GeldKarte)
0082	Invalid paymethod	The requested payment type was not supported for the payment method.
0083	System error	System error.
0084	MobileNo invalid	The mobile number was invalid.
0085	Channel	Named parameter caused a problem.
0086	SellingPoint	Named parameter caused a problem.
0087	Service	Named parameter caused a problem.
0088	AccBankCity	Named parameter caused a problem.
0089	BankCode	Named parameter caused a problem.
0090	3DSecure SetValue failed	Initialization of the Merchant Plugin for Verified by Visa and MasterCard SecureCode has failed.
0091	Not enrolled	Customer's credit card number was not activated for Verified by Visa or MasterCard SecureCode.
0092	No PaResponse	Parameter PaResponse was not transmitted to Direct3D.aspx.
0093	No JavaScript	Customer's browser did not support JavaScript which is necessary for Verified by Visa and SecureCode.
0094	Expiry date run out	Card expired.
0095	Unable to authenticate	Card is ineligible for 3D Secure
0096	Non-Participation	Customer's credit card number was not activated for Verified by Visa or MasterCard SecureCode.
0097	Verification error	during VerifyEnrollment an error has occurred
0098	PaymentAuthentication error	during authentication an error has occurred
0099	XID	Named parameter caused a problem.
0100	Declined	The issuing bank refused the payment.

0101	Disabled	The transaction type was disabled and could not be processed.
0102	Invalid card number	Invalid card number.
0103	Call issuer	Issuer refused payment, please call the issuer.
0104	declined by BlackList	The transmitted credit or debit card was listed in the merchant blacklist and was therefore rejected.
0105	Amex AVS no match	Transmitted data did not match American Express data (address verification).
0106	CardNumber	Named parameter caused a problem.
0107	VerificationCode	Named parameter caused a problem.
0108	OperatorID	Named parameter caused a problem.
0110	Expired	Card expired.
0111	Brand not supported	Selected credit card brand was not supported.
0112	AuthLabel	Named parameter caused a problem.
0113	AuthToken	Named parameter caused a problem.
0114	ExpiryDate	Named parameter caused a problem.
0115	AuthCode	Named parameter caused a problem.
0116	Total	Named parameter caused a problem.
0117	InvoiceList	Named parameter caused a problem.
0118	Revocation of Authorization Order	Transaction failed, named parameter caused a problem.
0119	Revocation of All Authorization Order	Transaction failed, named parameter caused a problem.
011A	DECLINED BY FRAUD	Payment rejected due to the settings of the IP-Checks within Securepay (max. number per day).
011B	DECLINED BY FRAUD	Payment rejected due to the settings of the Card-Checks within Securepay (max. number per day).
011C	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with IP-checks within Securepay (max. number per day).
011D	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with IP-checks within Securepay (max. number per day).
011E	DECLINED BY FRAUD	Payment rejected due to the settings of the parameter checks (identical reference number and/or TransID) within Securepay (limit per day).
011F	DECLINED BY FRAUD	Payment rejected due to the settings of the card/IP check within Securepay (limit per day).
011G	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID-Check within Securepay (limit per day).
011H	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID /Card-Check within Securepay (limit per day).
011I	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID/IP-Check within Securepay (limit per day).
0120	Pick up card	Pick up the used invalid card (POS).
0121	Issuer not reachable	Issuing bank was temporarily unavailable.
0122	CCBin	Named parameter caused a problem.
012A	DECLINED BY FRAUD	Payment rejected due to the settings of the IP check within Securepay (maximum number per week).

012B	DECLINED BY FRAUD	Payment rejected due to the settings of the card check within Securepay (maximum number per week).
012C	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with IP-check within Securepay (maximum number per week).
012D	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with card-check within Securepay (limit per week).
012E	DECLINED BY FRAUD	Payment rejected due to the settings of the parameter check (identical reference number and/or TransID) within Securepay (limit per week).
012F	DECLINED BY FRAUD	Payment rejected due to the settings of the card/IP-check within Securepay (limit per week).
012G	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID-Check within Securepay (limit per week).
012H	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID /Card-Check within Securepay (limit per week).
012I	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID/IP-Check within Securepay (limit per week).
0130	PCNR mismatch	The transmitted pseudo card number was invalid.
0131	PBAN MISMATCH	The transmitted PBAN was invalid.
0132	Term	Named parameter caused a problem.
0133	Employment	Named parameter caused a problem.
0134	MonthlyNetIncome	Named parameter caused a problem.
0135	PackingStation	Named parameter caused a problem.
0136	PlaceOfBirth	Named parameter caused a problem.
0137	CustomerStatus	Named parameter caused a problem.
0138	CustomerSince	Named parameter caused a problem.
0139	CustomerLoggedIn	Named parameter caused a problem.
013A	DECLINED BY FRAUD	Payment rejected due to the settings of the IP-check within Securepay (limit per month).
013B	DECLINED BY FRAUD	Payment rejected due to the settings of the card check within Securepay (limit per month).
013C	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with the IP-check within Securepay (limit per month).
013D	DECLINED BY FRAUD	Payment rejected due to the settings of the amount check combined with the card-check within Securepay (limit per month).
013E	DECLINED BY FRAUD	Payment rejected due to the settings of the parameter check (identical reference number and/or TransID) within Securepay (limit per month).
013F	DECLINED BY FRAUD	Payment rejected due to the settings of the card/IP-check within Securepay (limit per month).
013G	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID-Check within Securepay (limit per month).
013H	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID /Card-Check within Securepay (limit per month).
013I	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID/IP-Check within Securepay (limit per month).
0140	Person Mismatch	The requested person differed in the parameters birthdate or address (Schufa interface only).

0141	NumberArticles	Named parameter caused a problem.
0142	NumberOrders	Named parameter caused a problem.
0143	NegativePaymentInfo	Named parameter caused a problem.
0144	RiskArticles	Named parameter caused a problem.
0145	Date	Named parameter caused a problem.
0146	Order	Named parameter caused a problem.
0147	CustomerRisk	Named parameter caused a problem.
0148	CaptureInfo	The parameter in column B caused a problem
014A	DECLINED BY SECUREPAY	Payment rejected as the IP-address is blocked temporarily due to the settings within Securepay. You can unblock the IP-address via the Securepay settings in Analytics.
014B	DECLINED BY SECUREPAY	Payment rejected as the card number is blocked temporarily due to the settings within Securepay. You can unblock the card within the Securepay settings in Analytics.
014C	DECLINED BY SECUREPAY	Payment rejected as the IP-address is blocked temporarily due to the settings within Securepay (amount limit exceeded). You can unblock the IP-address within the Securepay settings in Analytics.
014D	DECLINED BY SECUREPAY	Payment rejected as the card is blocked temporarily due to the settings within Securepay (amount limit exceeded). You can unblock the card within the Securepay settings in Analytics.
014E	DECLINED BY SECUREPAY	Payment rejected as the parameter value is blocked temporarily due to the settings within Securepay (limit exceeded). You can unblock the parameter value within the Securepay settings in Analytics.
014F	DECLINED BY SECUREPAY	Payment rejected as the IP address is blocked temporarily due to the settings within Securepay (limit of cards from identical IP-address exceeded). You can unblock the IP-address within the Securepay settings in Analytics.
014G	DECLINED BY SECUREPAY	Payment rejected due to the settings of the DeviceID-Check within Securepay
014H	DECLINED BY SECUREPAY	Payment rejected due to the settings of the DeviceID /Card-Check within Securepay
014I	DECLINED BY SECUREPAY	Payment rejected due to the settings of the DeviceID/IP-Check within Securepay
0153	CANCELED, UPDATE CUSTOMER DATA	Processing aborted by user with reason to update customer profile data stored with the merchant
0161	DECLINED BY FRAUD	Payment rejected due to the settings of the IP-check within Securepay (limit per hour)
0162	DECLINED BY FRAUD	Payment rejected due to the settings of the card -check within Securepay (limit per hour)
0163	DECLINED BY FRAUD	Payment rejected due to the settings of the amount-check combined with the IP-check within Securepay (limit per hour)
0164	DECLINED BY FRAUD	Payment rejected due to the settings of the amount-check combined with the card-check within Securepay (limit per hour)
0165	DECLINED BY FRAUD	Payment rejected due to the settings of the parameter-check (identical reference number and/or TransID) within Securepay (limit per hour)
0166	DECLINED BY FRAUD	Payment rejected due to the settings of the card/IP-check check within Securepay (limit per hour)

0167	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID-Check within Securepay (limit per hour)
0168	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID /Card-Check within Securepay (limit per hour)
0169	DECLINED BY FRAUD	Payment rejected due to the settings of the DeviceID/IP-Check within Securepay (limit per hour)
0170	Declined by Whitelist	Card/BIN was not part of whitelist and therefore rejected
0190	Zone mismatch	The transmitted shipping country did not match the issuing country of the credit card.
0191	IP Zone mismatch	The customer was using an IP-address which was not part of your individual country list.
0192	IP CCOOrigin mismatch	The customer was using an IP-address which did not match the credit card's issuing country.
0193	IP Tracking Error	Error while analysing the customer's IP-address.
0194	IP IBAN ORIGIN MISMATCH	The country of the IP-address does not match the country of the IBAN.
0200	Authentication failed	Authentication via Verified by Visa and/or MasterCard SecureCode failed.
0201	signature failed	Authentication via Verified by Visa and/or MasterCard SecureCode failed.
0202	Bypass processing disabled	Transaction failed, named parameter caused a problem.
0203	Brand does not support 3D Secure	Card brand not participating in 3D secure.
020A	BYPASSED	Authenticate was skipped upon Cardinal Commerce recommendation
0301	Missing Response	Banking data centre's response was incomplete.
0302	Declined, authorization via telephone possible	Payment rejected.
0303	Invalid VU number	System error within the banking data centre.
0304	Card not allowed	The used card was not allowed.
0305	Rejected by authorization system	The authorisation system rejected the card authorisation: for data security reasons, further detailed information is not transmitted to the Paygate and only known by the issuing bank.
0306	FileTransfer wrong	Wrong file transfer or sequence number.
0307	unable to convert account data	The account data couldn't converted by InterCard. (NoResponse or invalid account data)
0309	Delayed processing of authorisation	Point of Sale: transaction failed.
0312	Transaction invalid	Invalid transaction, e.g. due to a wrong currency.
0313	Limit exceeded	The limit has been exceeded.
0314	Card invalid	The card was invalid.
0321	Initial transaction could not be found	System error within the banking data centre.
0324	Filetransfer not supported	Point of Sale: transaction failed.
0329	Filetransfer not successful	Point of Sale: transaction failed.
0330	wrong format	System error within the banking data centre. CB2A: Authentication error
0331	Issuer invalid	Issuer invalid/not allowed.

0333	Expiry date run out	Expiry date of the card run out.
0334	possible fraud	Potentially fraudulent payment.
0340	Action not supported	Payment rejected due to a system error within the banking data centre.
0341	Card lost, pick up card.	Transaction failed, named parameter caused a problem.
0343	Card stolen, pick up card.	Card stolen, pick up card.
0349	Wrong currency	Wrong currency transmitted to API.
0350	Double authorization	There has been a double authorisation.
0351	Card limit exceeded, payment although possible	Card limit exceeded.
0352	Account not found or inexistant	Point of Sale: Named parameter caused a problem.
0354	ec-Chip invalid	The used chip card was invalid.
0355	PIN incorrect	The used PIN is invalid.
0356	Card invalid	The used card is invalid/not allowed.
0357	Initial transaction could not be found	System error within the banking data centre.
0358	internal error	System error within the banking data centre.
0358	Transaction not allowed	Transaction failed, named parameter caused a problem.
0359	possible fraud	Potentially fraudulent payment.
0361	card blocked due to black list	Card blocked in local blacklist.
0362	card blocked	Card blocked.
0364	Transaction amount not equal to reference transaction	Point of Sale: Named parameter caused a problem.
0365	Limit of transaction frequency exceeded	Point of Sale: Named parameter caused a problem.
0366	Soft decline	<p>Payment has been declined but may be retried with additional customer authentication</p> <ul style="list-style-type: none"> • eCommerce: retry with 3-D Secure authentication • POS/Terminal: Contactless request declined - retry in contact mode
0367	Withdraw card	Transaction failed, named parameter caused a problem.
0368	System not responding, Timeout	Point of Sale: Named parameter caused a problem.
0375	maloperation counter within AS lapsed	Point of Sale: Named parameter caused a problem.
0376	wrong index	System error within the banking data centre.
0377	PIN has to be entered / error in BMP62	Point of Sale: Named parameter caused a problem.
0378	Sequence error in BMP62 / transaction system can not be accessed	Point of Sale: Named parameter caused a problem.
0379	Database could not be accessed	Point of Sale: Named parameter caused a problem.
0380	requested amount exceeds limit	Point of Sale: Named parameter caused a problem.
0381	Initialization corrupted	Point of Sale: Named parameter caused a problem.
0382	(pre-) initialization not possible	Point of Sale: Named parameter caused a problem.
0383	PIN-Pad-exchange not possible	PIN-Pad-Change not possible (POS only).
0385	declined by issuer	Payment rejected by issuing bank.

0386	Master data invalid, ZKA-No. wrong	System error within the banking data centre.
0387	Terminal unknown	System error within the banking data centre.
0388	PIN not active	Point of Sale: Named parameter caused a problem.
0389	Wrong CRC	Point of Sale: Named parameter caused a problem.
0391	Issuer unavailable	Issuing bank or bank network was temporarily unavailable.
0392	Authorization system detected a wrong routing	System error within the banking data centre.
0396	processing not possible	Processing was not possible temporarily.
0397	encryption error	System error within the banking data centre.
0398	Date/Time mismatch, wrong Trace-No.	System error within the banking data centre: either date /time stamp was erroneous or trace number was not ascending.
0399	unknown	System error within the banking data centre.
0400	Mobile number unknown	The used telephone number was not a prepaid phone number.
0401	Declined	Topping up of the prepaid card was not possible temporarily.
0402	Declined	Topping up of the prepaid card was not possible temporarily.
0403	Chargelimit reached	Maximum topping up amount was reached.
0404	Charging blocked	Charging was blocked. Credit card was not charged.
0405	Internal authorization system error	Charging was blocked. Credit card was not charged.
0406	Authorization system internal connection error	Charging was blocked. Credit card was not charged.
0407	Internal authorization system error	Charging was blocked. Credit card was not charged.
0408	Mobile number unknown or not found	The phone number was not a valid prepaid number.
0409	System error	Charging was blocked. Credit card was not charged.
040A	System error	Charging was blocked. Credit card was not charged.
040B	Internal authorization system error	Charging was blocked. Credit card was not charged.
0410	Invalid amount	The transmitted topping up amount was invalid.
0411	Charging status unknown, call back (T-Mobile)	The status of topping up was unknown: please contact T-Mobile.
0412	Charging status unknown, call back (Vodafone)	The status of topping up was unknown: please contact Vodafone.
0413	Call GZS hotline: Code-Nr 01	The status of topping up was unknown: please contact easycash.
0414	Invalid VU number	The merchant number of your acquiring agreement was invalid, please contact Computop Helpdesk .
0415	Cashback not possible	Transaction failed, named parameter caused a problem.
0500	Invalid	the combination banking code and bank account number was invalid.
0501	Missing file	The file for bank code checks was unavailable.
0502	Bank account check (KontoCheck) error	System error while checking the bank code.

0510	olv check failed	Direct Debit rejected.
0600	Invalid ID	Credit rejected - initial transaction could not be found.
0650	ShopID not transferred	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0651	ShopID unknown	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0652	Customer ID not transferred	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0653	Customer ID unknown	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0654	Shop-password not transferred	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0655	Shop-password unknown	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0656	Missing TransType	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0657	Invalid TransType	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0658	TransType Not Allowed	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0664	Invalid Banking Account	Online bank transfer: invalid account number.
0665	Invalid OrderNo	The configuration of the payment method has not been finished, please contact Computop Helpdesk .
0670	BLZV	The parameter BLZV caused the problem.
0702	Invalid	Validation error.
0703	User Canceled	User cancelled.
0705	result uncertain	The definite payment status could not be transmitted.
0709	indoubt	The backend system has not confirmed the transaction yet
0710	The status of the banking data centre is unknown.	The backend system rejected the transaction.
0720	Invalid Hash	Wrong length or format of the Hash key.
0721	Incorrect Hash	Wrong calculation of the Hash key.
0722	User Unknown	User unknown by Schufa.
0723	Invalid user	User aborted process and was unknown.
0777	Request / Response mismatch	Credit- or debit card payment rejected due to error within the banking data centre.
0801	Certificate/Signature error	Authentication failed due to certificate error (Schufa).
0802	Certificate/Signature missing	Authentication failed due to certificate error (Schufa).
0803	too many requests	Authentication failed due to exceeded amount of parallel requests.
0804	Communication to host disturbed	Communication error with Schufa.
0805	Host not reachable	Communication error with Schufa.
0806	Host overloaded	Communication error with Schufa.
0807	Field value missing or invalid	Transaction failed, named parameter caused a problem.
0808	Access denied	Authentisierung failed (Schufa).
0809	Internal error	System error (Schufa).

0810	unknown	Unknown error (Schufa).
0851	RED: Address invalid	Name analysis was not possible: data incorrect or available for several people.
0852	RED: Address incomplete	Incomplete address data.
0853	RED: unknown	Unknown error while checking address.
0854	RED: Correct name	Data error: adjust name.
0855	RED: Correct address	Data error: adjust address.
0856	RED: invalid data type	Data error: invalid data type within XML-Nachricht to Paycontrol.
0857	RED: internal error	Internal error whilst interpreting creditworthiness check.
0861	YELLOW: (recommendations based on a "traffic light system")	Negative creditworthiness check or soft negative features for the person.
0862	ROT: (recommendations based on a "traffic light system")	Medium or hard negative features for the person or invalid address or incomplete.
0901	Message format error	Transaction failed, named parameter caused a problem.
0902	External System Error	External System Error
0904	Invalid value	Transaction failed, named parameter caused a problem.
0905	Processing error	The backend system rejected the transaction.
0906	External Error, see CodeExt or ErrorText for details	Transaction failed, named parameter caused a problem.
0921	FTG maintenance mode	Maintenance work of the Financial Transaction Gateway of the banks.
0922	Bank is offline	Issuer was temporarily unavailable.
0923	Invalid sender bank because of fusion	Customer's banking code was invalid due to merger between two banks.
0924	Invalid sender account due to black list entry	Customer's account was not allowed due to blacklist entry.
0925	Invalid sender account due to missing data	Customer's account was not allowed due to lacking information.
0926	Internal error	Internal error within banking network.
0927	MerchantTxId mismatch with PayId	Parameter MerchantTxId did not match the Computop PayID.
0928	TxId missing	Parameter TxID was missing.
0929	RedirectUrl missing	Parameter RedirectURL was missing.
0930	Bank offline while entering PIN or TAN	Bank was not available upon entry of PIN and TAN.
0931	Timeout due to missing PIN or TAN	Timeout during entry of PIN or TAN.
0932	Bank message invalid online account	Bank notification: the transmitted bank account did not support online banking.
0933	Transaction NOT authorized	Transaction could not be authorised.
0934	Transaction status unknown	Final transaction status could not be retrieved.
0935	Credit failed - Refund is pending or completed for this transaction	Transaction failed, named parameter caused a problem.
0940	check sum incorrect	Direct debit or banking transfer rejected by bank check.
0941	Bank unknown	Direct debit or banking transfer rejected by bank check.
0942	Format invalid	Direct debit or banking transfer rejected by bank check.

0943	Bank not featured	Direct debit or banking transfer rejected by bank check.
0944	Card locked	(Card locked) Debit or transfer was denied by bank check.
0946	Cancellation by user	Transaction was aborted by customer, therefore rejected.
0947	Account data invalid	Direct debit or banking transfer was rejected.
0948	Card blocked	Transaction rejected due to blocked card.
0949	Bank temporarily unavailable	Direct debit or transfer rejected by bank.
0950	Authorize failed	Authorisation failed, no further details known.
0951	Capture failed	Capture failed, no further details known.
0952	Credit failed - Amount not allowed (too low, too high)	Refund failed, no further details known.
0953	Credit failed	Refund failed, money Transfer is not yet completed
0954	Credit failed - Because a complaint case exists on this transaction	Transaction failed, named parameter caused a problem.
0955	Credit failed - Refund failed as receiver account is closed	Transaction failed, named parameter caused a problem.
0956	Credit failed - The account for the counterparty is locked or inactive	Transaction failed, named parameter caused a problem.
0957	Credit failed - The partial refund amount must be less than or equal to the remaining amount	Transaction failed, named parameter caused a problem.
0958	Credit failed - This transaction has already been fully refunded	Transaction failed, named parameter caused a problem.
0959	Credit failed - You are over the time limit to perform a refund on this transaction	Transaction failed, named parameter caused a problem.
0960	Credit failed - Refund is pending or completed for this transaction	Transaction failed, named parameter caused a problem.
0961	TicketNr	Named parameter caused a problem.
0962	PassengerNr	Named parameter caused a problem.
0963	FlightDate	Named parameter caused a problem.
0964	Origin1	Named parameter caused a problem.
0965	Destination1	Named parameter caused a problem.
0966	Carrier1	Named parameter caused a problem.
0970	AddrState	Named parameter caused a problem.
0971	AddrStreet	Named parameter caused a problem.
0972	AddrHouseNr	Named parameter caused a problem.
0973	AddrCountryCode	Named parameter caused a problem.
0974	AddrZipCode	Named parameter caused a problem.
0975	AddrCity	Named parameter caused a problem.
0976	LastName	Named parameter caused a problem.
0977	CompanyOrPerson	Named parameter caused a problem.
0978	FirstName missing	Named parameter was missing.
0979	Salutation missing	Named parameter was missing.

0980	PayerID	Named parameter caused a problem.
0981	trxType	Named parameter caused a problem.
0982	Chargeback	PayPal notified a chargeback.
0984	Voided	PayPal (IPN) transmitted a reversed transaction.
0985	Pending	Transaction was not processed completely.
0986	BILLINGAGREEMENTID	Named parameter caused a problem.
0987	PayPalMethod	Named parameter caused a problem.
0988	TID	Named parameter caused a problem.
0989	IssuerID	Named parameter caused a problem.
0990	Limit	Named parameter caused a problem.
0991	Declined by risk	The transaction was declined by acquiring bank due to fraud checks.
0992	Not supported	The feature was not supported.
0993	FxCurrency	Transaction failed, named parameter caused a problem.
0994	Technical Error	The transaction failed due to a technical error in a downstream data system.
0996	property	Named parameter caused a problem.
0997	Transtext	Named parameter caused a problem.
0999	awardcode	Named parameter caused a problem.
1000	UsageAgreement	Named parameter caused a problem.
1001	Structural error	Backend system rejected payment due to format error.
1002	CRC error	Backend system rejected payment due to security breach.
1003	Flow lost during transaction	Transaction failed, named parameter caused a problem.
1004	No connection	Transaction failed, named parameter caused a problem.
1005	Error Processing CRRes	Transaction failed, named parameter caused a problem.
1010	Error Processing VEReq	Transaction failed, named parameter caused a problem.
1020	Invalid ACS URL	Transaction failed, named parameter caused a problem.
1026	INVALID PARAMETER ACCDATEOFREGISTRATION	Transaction failed, named parameter caused a problem.
1030	Cardholder Not Participating	Transaction failed, named parameter caused a problem.
1035	Cardholder Unable To Authenticate	Transaction failed, named parameter caused a problem.
1036	Unsupported Cardholder Enrolled Value	Transaction failed, named parameter caused a problem.
1040	Error Communicating with Visa Directory	Transaction failed, named parameter caused a problem.
1050	Message reversed automatically	Transaction failed, named parameter caused a problem.
1051	Error Processing PAREs, Error Response Returned By ACS	Transaction failed, named parameter caused a problem.
1055	Error Deserializing PAREs	Transaction failed, named parameter caused a problem.
1060	Missing or Invalid PAREs	Transaction failed, named parameter caused a problem.
1070	Error processing VERes	Transaction failed, named parameter caused a problem.
1075	Encountered Empty VERes	Transaction failed, named parameter caused a problem.

1080	Error processing PAREq	Transaction failed, named parameter caused a problem.
1085	Error processing PAREq, Display Amount Could Not Be Determined	Transaction failed, named parameter caused a problem.
1090	Unsupported PAREq Version requested by ACS	Transaction failed, named parameter caused a problem.
1100	internal error (wrong card data)	Transaction failed, named parameter caused a problem.
1101	Initial transaction could not be found for reversal	Transaction failed, named parameter caused a problem.
1102	wrong amount for reversal	Transaction failed, named parameter caused a problem.
1103	Ursprungszahlung bereits storniert	Transaction failed, named parameter caused a problem.
1104	only credit cards for refunds	Transaction failed, named parameter caused a problem.
1105	Wrong trace number	Transaction failed, named parameter caused a problem.
1106	Erraneous card data	Transaction failed, named parameter caused a problem.
1107	Card expired	Transaction failed, named parameter caused a problem.
1108	Automated reversal not possible	Transaction failed, named parameter caused a problem.
1109	Error while reading card data	Transaction failed, named parameter caused a problem.
110A	Timeout generated by user	Transaction failed, named parameter caused a problem.
110B	Unknown function	Transaction failed, named parameter caused a problem.
110C	Card not activated	Transaction failed, named parameter caused a problem.
110D	Card not accepted	Transaction failed, named parameter caused a problem.
110E	Commando erraneous	Transaction failed, named parameter caused a problem.
1110	Error Persisting Verification Information	Transaction failed, named parameter caused a problem.
1111	Unknown provider	Transaction failed, named parameter caused a problem.
1112	Wrong amount	Transaction failed, named parameter caused a problem.
1113	Please carry out diagnosis	Transaction failed, named parameter caused a problem.
1114	Transmit correct mobile number	Transaction failed, named parameter caused a problem.
1115	No mobile number (PIN printing)	Transaction failed, named parameter caused a problem.
1120	Error Persisting Authentication Information	Transaction failed, named parameter caused a problem.
1125	Error Persisting Transaction_Lookup Information	Transaction failed, named parameter caused a problem.
1126	Error Updating Transaction_Lookup Information	Transaction failed, named parameter caused a problem.
1130	Error Persisting VERes Information	Transaction failed, named parameter caused a problem.
1140	Error Persisting PAREs Information	Transaction failed, named parameter caused a problem.
1150	Error Persisting PAREq Information	Transaction failed, named parameter caused a problem.
1160	Error Persisting VEReq Information	Transaction failed, named parameter caused a problem.
1170	Error Persisting Information	Transaction failed, named parameter caused a problem.
1201	Configuration Error	Transaction failed, named parameter caused a problem.
1202	Authorization failed	Declined by mpass system

1203	Transaction expired	Transaction failed, named parameter caused a problem.
1204	Customer not active	Transaction failed, named parameter caused a problem.
1205	Customer unknown	Transaction failed, named parameter caused a problem.
1206	Customer not allowed	Transaction failed, named parameter caused a problem.
1210	AboID	Named parameter caused a problem.
1211	AboAction	Named parameter caused a problem.
1212	AboAmount	Named parameter caused a problem.
1213	Interval	Named parameter caused a problem.
1214	Active	Named parameter caused a problem.
1230	DunningDate	Named parameter caused a problem.
1231	ReturnDebitDate	Named parameter caused a problem.
1232	EventToken	Named parameter caused a problem.
1233	CustomerId	Named parameter caused a problem.
1234	RefPayID	Named parameter caused a problem.
1235	ContractID	Named parameter caused a problem.
1250	Logical Error	The backend system rejected the transaction due to a system or configuration error.
1251	Technical Error	The backend system rejected the transaction due to a system or configuration error.
1260	Security Error	The backend system rejected the transaction due to a security check, details in column B.
1261	Invalid CnB Parameter	The backend system rejected the transaction due to a security check, details in column B.
1262	Invalid Password	The backend system rejected the transaction due to a security check, details in column B.
1263	Access denied	The backend system rejected the transaction due to a security check, details in column B.
1264	NationCode	Named parameter caused a problem.
1270	InstantAuth	Named parameter caused a problem.
1271	MultiUse	Indicates whether the VAN should be able to be used multiple times up to the Maximum Auth Amount. If "false" then only a single transaction between Min and Max amounts is allowed
1272	MinAmount	The minimum amount allowed to be authorised
1273	MaxAmount	The maximum amount allowed to be authorised
1274	MerchantCategoryCode	Exact Merchant Category Code of the merchant who will process the transaction
1275	MerchantCategoryName	The general category the merchant who will process the transaction belongs to, from a predefined list
1276	Percentage	Named parameter caused a problem.
1277	SupportLogId	A support log ID that can be quoted to assist in troubleshooting
1280	Margin	Named parameter caused a problem.
1281	FundingSource	Source who should be issued to.
1282	QuoteValue	A rate from the foreign currency exchange.
1283	UserData	Named parameter caused a problem.

1284	EnhancedData	Named parameter caused a problem.
1285	Layout	Named parameter caused a problem.
1287	bdDeviceToken	Named parameter caused a problem.
1288	bdEmail	Named parameter caused a problem.
1289	bdPhone	Named parameter caused a problem.
1298	sdDeviceToken	Named parameter caused a problem.
1299	sdPhone	Named parameter caused a problem.
1300	CHStreet	Named parameter caused a problem.
1301	CHCountryCode	Named parameter caused a problem.
1302	CHZipCode	Named parameter caused a problem.
1303	CHCity	Named parameter caused a problem.
1320	SDFirstName	Named parameter caused a problem.
1321	SDLastName	Named parameter caused a problem.
1322	SDSalutation	Named parameter caused a problem.
1323	SDCompanyOrPerson	Named parameter caused a problem.
1324	SDStreet	Named parameter caused a problem.
1325	SDHouseNumber/ SDStreetNr	Named parameter caused a problem.
1326	SDCountryCode	Named parameter caused a problem.
1327	SDZipcode	Named parameter caused a problem.
1328	SDCity	Named parameter caused a problem.
1329	SDTitle	Named parameter caused a problem.
1330	BDFirstName	Named parameter caused a problem.
1331	BDLastName	Named parameter caused a problem.
1332	BDSalutation	Named parameter caused a problem.
1333	BDCCompanyOrPerson	Named parameter caused a problem.
1334	BDStreet	Named parameter caused a problem.
1335	BDHouseNumber/ BDStreetNr	Named parameter caused a problem.
1336	BDCountryCode	Named parameter caused a problem.
1337	BDZipcode	Named parameter caused a problem.
1338	BDCity	Named parameter caused a problem.
1339	BDTitle	Named parameter caused a problem.
1340	BDStreet2	Named parameter caused a problem.
1341	SDStreet2	Named parameter caused a problem.
1342	SDPhone	Named parameter caused a problem.
1343	SDMobileNo	Named parameter caused a problem.
1344	SDCompany	Named parameter caused a problem.
1345	HolderName	Named parameter caused a problem.
1346	TaxNumber	Named parameter caused a problem.
1347	BDCCompany	Named parameter caused a problem.
1348	ShopSystem	Named parameter caused a problem.
1349	ShopSystemVersion	Named parameter caused a problem.

1350	CARDNUMBER / EXPIRY MISMATCH	The backend system rejected the transaction, details in column B.
1351	CARDNUMBER / BIRTHDATE MISMATCH	The backend system rejected the transaction, details in column B.
1352	NOT OF LEGAL AGE	The backend system rejected the transaction, details in column B.
1353	BIRTHDATE	Named parameter caused a problem.
1354	CARDHOLDER	Named parameter caused a problem.
1355	Check Transaction Id	Transaction failed, named parameter caused a problem.
1356	RISKLEVEL OF CARD TOO HIGH	Transaction failed, named parameter caused a problem.
1357	BuyerIDCode	Named parameter caused a problem.
1358	ShippingData	Named parameter caused a problem.
1359	bdMobileNo	Named parameter caused a problem.
1360	KlarnaAction	Named parameter caused a problem.
1361	AnnualSalary	Named parameter caused a problem.
1362	SocialSecurityNumber	Named parameter caused a problem.
1363	Email	Named parameter caused a problem.
1364	Phone	Named parameter caused a problem.
1365	Language	Named parameter caused a problem.
1366	Country	Named parameter caused a problem.
1367	Customer not active	The backend system rejected the transaction, details in column B.
1368	Customer unknown	The backend system rejected the transaction, details in column B.
1369	Customer not allowed	The backend system rejected the transaction, details in column B.
1370	Invalid Adress Data	The backend system rejected the transaction, details in column B.
1371	Invoice Problem	The backend system rejected the transaction, details in column B.
1372	ReservationNr	Named parameter caused a problem.
1373	InvoiceNr	Named parameter caused a problem.
1374	Klarna System Error	The backend system rejected the transaction, details in column B.
1375	InvoiceFlag	Named parameter caused a problem.
1376	Reference	Named parameter caused a problem.
1377	OrderID1	Named parameter caused a problem.
1378	OrderID2	Named parameter caused a problem.
1379	CredNo	Named parameter caused a problem.
1380	NO DECISION RECEIVED	The backend system rejected the transaction, details in column B.
1381	CUSTOMER INSECURE	The backend system rejected the transaction, details in column B.
1382	DATEOFBIRTH	Named parameter caused a problem.
1383	DATEOFREGISTRATION	Named parameter caused a problem.

1384	OrderID	Named parameter caused a problem.
1385	shAmount	Named parameter caused a problem.
1386	PayType	Named parameter caused a problem.
1387	Note	Named parameter caused a problem.
1388	SubID	Transaction failed, named parameter caused a problem.
1389	GoodsCategory	Transaction failed, named parameter caused a problem.
1390	Nationality	Named parameter caused a problem.
1391	AllowMarketing	Named parameter caused a problem.
1392	AllowCredInq	Named parameter caused a problem.
1393	ShoppingBasket	Named parameter caused a problem.
1394	RPMethod	Named parameter caused a problem.
1395	RPNumber	Named parameter caused a problem.
1396	RPAmount	Named parameter caused a problem.
1397	MaxRisk	Named parameter caused a problem.
1398	CustomerClassification	Named parameter caused a problem.
1399	RISK MANAGEMENT SYSTEM	The backend system rejected the transaction, details in column B.
139A	InterestRate	Named parameter caused a problem.
139B	DebitPayType	Named parameter caused a problem.
139C	ShoppingBasketAmount	Named parameter caused a problem.
139D	Calculation Error	Named parameter caused a problem.
139E	Rate	Named parameter caused a problem.
139F	Month	Named parameter caused a problem.
139G	Token Expired	Transaction failed, named parameter caused a problem.
1400	OptionDate	Named parameter caused a problem.
1401	OutputType	Named parameter caused a problem.
1402	TrackingId	Named parameter caused a problem.
1403	ParcelService	Named parameter caused a problem.
1404	PackstationID	Named parameter caused a problem.
1405	NumberOfDays	Named parameter caused a problem.
1406	Postponed	Named parameter caused a problem.
1407	TermsAndCondition	Named parameter caused a problem.
1408	BcolumnserSessionId	Named parameter caused a problem.
1409	Cookield	Named parameter caused a problem.
1410	BcolumnserHeader	Named parameter caused a problem.
1411	MandateProvided	Named parameter caused a problem.
1412	DeviceID	Named parameter caused a problem.
1413	CheckoutDuration	Named parameter caused a problem.
1414	ShoppingDuration	Named parameter caused a problem.
1415	TripData	Named parameter caused a problem.
1416	TravelerList	Named parameter caused a problem.

1417	AuthResult	Named parameter caused a problem.
1418	CAVV	Named parameter caused a problem.
1419	ACSID	Named parameter caused a problem.
1420	ACSIDHex	Named parameter caused a problem.
1421	XID3DHEX	Named parameter caused a problem.
1422	ECI3D	Named parameter caused a problem.
1423	ShopApiKey	Named parameter caused a problem.
1424	Transaction stopped	An invalid value for AlphaAuthResult of VEReq has been submitted.
1425	MandateURL	Named parameter caused a problem.
1426	dsTransId	Named parameter caused a problem.
1427	eci	Named parameter caused a problem.
1430	INCREMENT NOT ALLOWED	Transaction failed, named parameter caused a problem.
1431	TRANSID MISMATCH	Transaction failed, named parameter caused a problem.
1434	NOTHING AUTHORIZED	Transaction failed, named parameter caused a problem.
1450	Language	Named parameter caused a problem.
1451	CustomerID	Named parameter caused a problem.
1452	NewCustomer	Named parameter caused a problem.
1453	BillPayAction	Named parameter caused a problem.
1454	GtcValue	Named parameter caused a problem.
1455	BillPayCapture	Named parameter caused a problem.
1456	Phone	Named parameter caused a problem.
1457	UseBillingData	Named parameter caused a problem.
1458	CompanyName	Named parameter caused a problem.
1459	LegalForm	Named parameter caused a problem.
1460	OrderHistory	Named parameter caused a problem.
1461	BpMethod	Named parameter caused a problem.
1462	Error in AddressData	The backend system rejected the transaction due to a technical error, details in column B.
1463	ActivationDelay	Named parameter caused a problem.
1464	BpBaseAmount	Named parameter caused a problem.
1465	Billpay System Error	The backend system rejected the transaction due to a technical error, details in column B.
1466	BpRateCount	Named parameter caused a problem.
1467	InstalmentData	Billpay: the data for the instalment calculation caused a problem.
1468	sdState	The backend system rejected the transaction, details in column B.
1469	sdCompany	The backend system rejected the transaction, details in column B.
1470	DistributionType	Named parameter caused a problem.
1471	DistributionBy	Named parameter caused a problem.
1472	CountryCode	The backend system rejected the transaction, details in column B.

1473	CardProgram	The backend system rejected the transaction, details in column B.
1474	UsePoints	The backend system rejected the transaction, details in column B.
1475	PointAmount	The backend system rejected the transaction, details in column B.
1476	Campaign	The backend system rejected the transaction, details in column B.
1477	TokenExt	Named parameter caused a problem.
1478	InstallmentAmount	Named parameter caused a problem.
1479	InstallmentDate	Named parameter caused a problem.
1480	UserAgent	Named parameter caused a problem.
1490	bdAddressAddition	Named parameter caused a problem.
1491	CustomerInformation	Named parameter caused a problem.
1500	Invalid Field Data	The backend system rejected the transaction, details in column B.
1501	Missing Companion Data	The backend system rejected the transaction, details in column B.
1502	Invalid Division Number	The backend system rejected the transaction, details in column B.
1505	Level 3 Data invalid	The backend system rejected the transaction, details in column B.
1506	Invalid Secure Payment Data	The backend system rejected the transaction, details in column B.
1507	Invalid Merchant Category Code	The backend system rejected the transaction, details in column B.
1510	Missing customer servicephone	The backend system rejected the transaction, details in column B.
1513	Response Invalid	The backend system rejected the transaction, details in column B.
1514	Partial Authorization not allowed	The backend system rejected the transaction, details in column B.
1515	Duplicate Transaction	The backend system rejected the transaction, details in column B.
1516	Invalid CashBack Amount	The backend system rejected the transaction, details in column B.
1517	Division transaction amount limit exceeded	The backend system rejected the transaction, details in column B.
1518	No card record	The backend system rejected the transaction, details in column B.
1519	Already reversed	The backend system rejected the transaction, details in column B.
1520	Amount mismatch	The backend system rejected the transaction, details in column B.
1521	Excessive PIN Try	The backend system rejected the transaction, details in column B.
1522	Exceeds activity count limit	The backend system rejected the transaction, details in column B.
1523	Cardholder requested this TRX to be stopped	The backend system rejected the transaction, details in column B.

1524	Cardholder requested ALL recurring/installment TRX to be stopped	The backend system rejected the transaction, details in column B.
1525	Cardholder requested ALL TRX to be stopped	The backend system rejected the transaction, details in column B.
1526	New card issued	The backend system rejected the transaction, details in column B.
1527	Issuer flagged account as suspected fraud	The backend system rejected the transaction, details in column B.
1528	Institution not valid	The backend system rejected the transaction, details in column B.
1529	Issuer does not allow trx-type	The backend system rejected the transaction, details in column B.
1531	Unable to validate debit authorization record	The backend system rejected the transaction, details in column B.
1532	Unable to process transaction	The backend system rejected the transaction, details in column B.
1533	Bank Account has been closed	The backend system rejected the transaction, details in column B.
1534	Invalid AMEX CID	The backend system rejected the transaction, details in column B.
1536	Account does not exist	The backend system rejected the transaction, details in column B.
1537	Declined using stand-in rules	The backend system rejected the transaction, details in column B.
1540	Surcharge	Named parameter caused a problem.
1541	StepUpForced	Named parameter caused a problem.
1542	SoftDecline	Named parameter caused a problem.
1543	Language	Named parameter caused a problem.
1600	telbiz	Named parameter caused a problem.
1601	telmobil	Named parameter caused a problem.
1602	telpriv	Named parameter caused a problem.
1603	sozversnr	Named parameter caused a problem.
1604	emailadranb	Named parameter caused a problem.
1605	emailadrbyn	Named parameter caused a problem.
1606	emailadrtld	Named parameter caused a problem.
1607	okvip	Named parameter caused a problem.
1608	okkndart	Named parameter caused a problem.
1609	la1name	Named parameter caused a problem.
1610	la1vorname	Named parameter caused a problem.
1611	la1strasse	Named parameter caused a problem.
1612	la1hno	Named parameter caused a problem.
1613	la1ort	Named parameter caused a problem.
1614	la1plz	Named parameter caused a problem.
1615	la1land	Named parameter caused a problem.
1616	la1gebdat	Named parameter caused a problem.
1617	kdkndktonr	Named parameter caused a problem.

1618	kdinkassostand	Named parameter caused a problem.
1619	kdkkostand	Named parameter caused a problem.
1620	kdjemkomplettgezck	Named parameter caused a problem.
1621	kdnochnichtfaellbetr	Named parameter caused a problem.
1622	kdueberfaellbetr	Named parameter caused a problem.
1623	kdkkostartdat	Named parameter caused a problem.
1624	kdkkostperrck	Named parameter caused a problem.
1625	kdkndktoart	Named parameter caused a problem.
1626	kdkredlin	Named parameter caused a problem.
1627	kdmahnstatus	Named parameter caused a problem.
1628	kdkredlinauftr	Named parameter caused a problem.
1629	kdaltkndck	Named parameter caused a problem.
1630	adauftrwert	Named parameter caused a problem.
1631	adwaehrung	Named parameter caused a problem.
1632	adzahlungsart	Named parameter caused a problem.
1633	adsonderartck	Named parameter caused a problem.
1634	adlieferart	Named parameter caused a problem.
1635	adanzartikel	Named parameter caused a problem.
1636	adauftragsnr	Named parameter caused a problem.
1637	adratenzahl	Named parameter caused a problem.
1638	wgdaten	Named parameter caused a problem.
1700	Device	Named parameter caused a problem.
1701	KSN	Named parameter caused a problem.
1702	TrackEnc	Named parameter caused a problem.
1703	Invalid Device	The hardware serial number (device) was invalid.
1704	POS Decryption failed	The track data decryption failed.
1705	Trackdata invalid	The track data could not be read.
1710	prodsigncert	Named parameter caused a problem.
1711	terminalcrt	Named parameter caused a problem.
1712	tempkeyloadcrt	Named parameter caused a problem.
1713	suggestediksn	Named parameter caused a problem.
1714	ProductNr	Named parameter caused a problem.
1715	Localisation	Named parameter caused a problem.
1716	Already Performed	Action already performed
1717	ServiceData	Named parameter caused a problem.
1750	EMVData	Named parameter caused a problem.
1751	POS Signature failed	Transaction failed, named parameter caused a problem.
1752	POSTerminalID	Named parameter caused a problem.
1753	MessageType	Named parameter caused a problem.
1754	DMACKSN	Named parameter caused a problem.
1755	DMAC	Named parameter caused a problem.

1756	DataKSN	Named parameter caused a problem.
1757	CCNrEnc	Named parameter caused a problem.
1758	CCSeqNr	Named parameter caused a problem.
1759	dccStatus	Named parameter caused a problem.
1760	LocalDate	Named parameter caused a problem.
1761	LocalTime	Named parameter caused a problem.
1762	ReceiptNr	Named parameter caused a problem.
1763	ProcessMode	Named parameter caused a problem.
1764	EntryMode	Named parameter caused a problem.
1765	TerminalData	Named parameter caused a problem.
1766	Track2	Named parameter caused a problem.
1767	PIN	Named parameter caused a problem.
1768	Message Length Mismatch	There is a mismatch between the length of the message and value provided in the header.
1769	Endpoint	Named parameter caused a problem.
1770	ProcessingCode	Named parameter caused a problem.
1771	BankSortCode	Named parameter caused a problem.
1772	ConditionCode	Named parameter caused a problem.
1774	Device already exists	The parameter Device caused a problem
1801	INVALID PARAM FULFILLMENTDATE	Transmitted fulfillment date was invalid or in future.
1802	CURRENCY MISMATCH	Transmitted currency did not match initial transaction.
1803	INVALID PARAMETER TaxChargeAmount	Transmitted tax charge amount did not match the specifications.
1804	INVALID PARAMETER ChargeAmount	Transmitted charge amount did not match the specifications.
1805	ARTICLENR INVALID	The article referring to the article number could not be found.
1806	QUANTITY OVERRIDE	The deliver quantity exceeded the authorised quantity.
1808	INVALID ORDERID	Transmitted order ID was invalid.
1809	MISSING PARAM PURCHASECONTRACTID	Named parameter was missing.
1810	INVALID PARAM COUNTRYCODE	Named parameter was invalid.
1811	ServiceLevel in ArticleList ist ungültig	Transmitted parameter did not match the specifications.
1812	ShippingMethod ungültig	Transmitted parameter did not match the specifications.
1815	NOTHING TO REVERSE	Reverse was not possible, no initial authorising available.
1818	order canceled	Amazon reported that the order was cancelled.
1821	Signature mismatch	The signature transmitted by Amazon was invalid.
1822	IOPN Message already exists	The message transmitted by Amazon was received and processed already.
1830	Error while GetPurchaseContract	Calling the function "GetPurchaseContract" caused the error.

1831	Error while SetPurchaseItems	Calling the function "SetPurchaseItems" caused the error.
1832	Error while CompletePurchaseContract	Calling the function "CompletePurchaseContract" caused the error.
1833	PurchaseContract canceled	The order was cancelled.
1834	PurchaseContract expired	The order has expired.
1835	AMAZON ALERT	Amazon reported an error while processing the payment. The Amazon result code was transmitted additionally.
1836	AMAZON ALERT	Amazon reported a warning while processing the payment. It is recommended to check the payment manually. The Amazon result code was transmitted additionally.
1837	Error while SetContractCharges	Calling the funktion "SetContractCharges" caused the error.
1850	ProductName	Named parameter caused a problem.
1851	RequestReason	Transaction failed, named parameter caused a problem.
1852	Title	Transaction failed, named parameter caused a problem.
1853	Reason	Named parameter caused a problem.
1853	BaseAmount	Named parameter caused a problem.
1854	BaseCurrency	Named parameter caused a problem.
1855	Recipient	Named parameter caused a problem.
1856	Quoteld	Named parameter caused a problem.
1857	LocalAmount	Named parameter caused a problem.
1858	LocalCurrency	Named parameter caused a problem.
1859	re-enter transaction	The transaction has already been processed
1860	InstallmentNumber	Named parameter caused a problem.
1861	Expiration	Named parameter caused a problem.
1862	AccType	Named parameter caused a problem.
1863	AcceptableCards	Named parameter caused a problem.
1864	RewardProgram	Named parameter caused a problem.
1865	AuthLevelBasic	Named parameter caused a problem.
1866	MasterPassID	Named parameter caused a problem.
1867	TransactionID	Named parameter caused a problem.
1868	Already Authorized	Transaction failed, named parameter caused a problem.
1869	SuppressShippingAddress	Named parameter caused a problem.
1870	URLOrigin	Named parameter caused a problem.
1871	LongAccessToken	Named parameter caused a problem.
1872	PairingToken	Named parameter caused a problem.
1873	PairingVerifier	Named parameter caused a problem.
1874	RequestedDataTypes	Named parameter caused a problem.
1875	CheckoutToken	Named parameter caused a problem.
1876	CheckoutVerifier	Named parameter caused a problem.
1877	CheckoutUrl	Named parameter caused a problem.

1880	Error while generate EID	Transaction failed, named parameter caused a problem.
1881	InvoiceText	Named parameter caused a problem.
1882	TrxIdCount	Named parameter caused a problem.
1883	addata1	Named parameter caused a problem.
1884	insufficient funds	Transaction failed, named parameter caused a problem.
1885	Consent	Named parameter caused a problem.
1886	PurchaseCountryCode	Named parameter caused a problem.
1887	URLCheckout	Named parameter caused a problem.
1888	URLConfirm	Named parameter caused a problem.
1889	URLTerms	Named parameter caused a problem.
1900	Mandateid	Mandate could not be created.
1901	MandateName	Named parameter caused a problem.
1902	Debit Parameter	None of the necessary parameters was submitted.
1903	Designated Date incorrect	The payment cannot be executed at the requested appointment.
1904	DebitorID	Named parameter caused a problem.
1905	TaxID	Named parameter caused a problem.
1906	ShopId	Named parameter caused a problem.
1907	InvoiceDate	Named parameter caused a problem.
1908	NetAmount	Named parameter caused a problem.
1909	NetAmount1	Named parameter caused a problem.
1910	TaxCode1	Named parameter caused a problem.

2008	System Unavailable for Maintenance	Transaction failed, named parameter caused a problem.
2009	Invalid Request Format: Invalid XML	Transaction failed, named parameter caused a problem.
2010	Invalid Request Format: Empty Request	Transaction failed, named parameter caused a problem.
2020	Invalid Transaction Password	Transaction failed, named parameter caused a problem.
2021	Merchant Profile is not configured with a Transaction Password	Transaction failed, named parameter caused a problem.
2030	Unable to process transaction with specified api version	Transaction failed, named parameter caused a problem.
2101	TransDate	Transaction failed, named parameter caused a problem.
2102	TransTime	Transaction failed, named parameter caused a problem.
2201	MpsMode	Named parameter caused a problem.
2202	Call Security	Issuer refused payment, please call the security
2203	RegistrationDevice	Named parameter caused a problem.
2204	RegistrationIPAddr	Named parameter caused a problem.
2206	Timeout	Named parameter caused a problem.
2306	Cut-off in progress	Cut-off in progress
2321	Exceeds withdrawal amount limit	Exceeds withdrawal amount limit
2323	Exceeds withdrawal frequency limit	Exceeds withdrawal frequency limit
2381	Card blocked	Card blocked
2382	Account blocked	Account blocked
4000	Error Validating Processor Id Value	Transaction failed, named parameter caused a problem.
4005	RRes receive timeout	Timeout for receiving the 3-D Secure response
4010	Error Validating Acquirer Bin Value	Transaction failed, named parameter caused a problem.
4020	Error Validating Merchant Id Value	Transaction failed, named parameter caused a problem.
4025	Error Validating Transaction Type	Transaction failed, named parameter caused a problem.
4030	Error Validating PAN Value	Transaction failed, named parameter caused a problem.
4040	Error Validating 3-D Secure Version Value	Transaction failed, named parameter caused a problem.

4050	Error Validating Merchant Password	Transaction failed, named parameter caused a problem.
4070	Error Validating Merchant Name	Transaction failed, named parameter caused a problem.
4080	Error Validating Merchant URL	Transaction failed, named parameter caused a problem.
4090	Error Validating Credit Card Expiration Information	Transaction failed, named parameter caused a problem.
4092	Error Validating Card Number Month Expiration Information	Transaction failed, named parameter caused a problem.
4093	Error Validating Card Number Year Expiration Information	Transaction failed, named parameter caused a problem.
4094	Error Validating Card Number	Transaction failed, named parameter caused a problem.
4140	Error Validating ACS URL	Transaction failed, named parameter caused a problem.
4150	Error Validating Payment Protocol	Transaction failed, named parameter caused a problem.
4160	Error Validating Purchase.date	Transaction failed, named parameter caused a problem.
4170	Error Validating Purchase.xid	Transaction failed, named parameter caused a problem.
4180	Error Validating Purchase.purchAmount	Transaction failed, named parameter caused a problem.
4190	Error Validating Purchase Amount	Transaction failed, named parameter caused a problem.
4200	Error Validating Purchase Description	Transaction failed, named parameter caused a problem.
4220	Merchant Not Configured to process the Credit Card Brand passed	Transaction failed, named parameter caused a problem.
4230	Required Element Brand, not found in Message	Transaction failed, named parameter caused a problem.
4240	Merchant unable to process transactions, not active	Transaction failed, named parameter caused a problem.
4243	Merchant unable to process transactions, Payment Initiative configuration not found	Transaction failed, named parameter caused a problem.
4245	Merchant unable to process transactions, Payment Initiative not active	Transaction failed, named parameter caused a problem.
4250	Error Validating Processor Id	Transaction failed, named parameter caused a problem.
4260	Error Validating Order Number	Transaction failed, named parameter caused a problem.
4265	Error Validating Transaction Id	Transaction failed, named parameter caused a problem.
4267	Error Validating Message, Order Number is Empty	Transaction failed, named parameter caused a problem.
4268	Error Validating Message, Transaction Id is Empty	Transaction failed, named parameter caused a problem.
4270	Error Validating Raw Amount	Transaction failed, named parameter caused a problem.
4271	Error Validating Transaction Amount	Transaction failed, named parameter caused a problem.
4280	Error Validating Currency Code	Transaction failed, named parameter caused a problem.
4282	Error Validating Currency Code, Not Supported On Transaction Type	Transaction failed, named parameter caused a problem.
4305	Cardholder Account Number is not in a range belonging to Issuer.	Authentication failed.

4310	Error parsing VERes Message Elements	Transaction failed, named parameter caused a problem.
4320	Invalid Critical Attribute in undefined element	Transaction failed, named parameter caused a problem.
4330	Error Validating Enrollment Response	Transaction failed, named parameter caused a problem.
4331	Error Validating Authentication Status	Transaction failed, named parameter caused a problem.
4340	Error Validating iReq Code	Transaction failed, named parameter caused a problem.
4350	Error Validating Message Extension	Transaction failed, named parameter caused a problem.
4360	Error Validating Critical Message Extensions	Transaction failed, named parameter caused a problem.
4370	Error Validating MsgId Within VEReq and VERes Messages	Transaction failed, named parameter caused a problem.
4375	Error Validating Recurring Value	Transaction failed, named parameter caused a problem.
4380	Error Validating Recurring Frequency Value	Transaction failed, named parameter caused a problem.
4390	Error Validating Recurring Frequency End Date	Transaction failed, named parameter caused a problem.
4400	Error Parsing PAREs Message Elements	Transaction failed, named parameter caused a problem.
4410	Error Validating Vendor Code	Transaction failed, named parameter caused a problem.
4420	Error Validating PAN Value, Should Not Contain Zeros	Transaction failed, named parameter caused a problem.
4430	Error Validating TX.cavv Value, Should Not Be Present	Transaction failed, named parameter caused a problem.
4435	Error Validating TX.cavv Value	Transaction failed, named parameter caused a problem.
4440	Error Validating TX.eci Value, Should Not Be Present	Transaction failed, named parameter caused a problem.
4445	Error Validating TX.eci Value	Transaction failed, named parameter caused a problem.
4450	Error Validating TX.cavvAlgorithm Value, Should Not Be Present	Transaction failed, named parameter caused a problem.
4455	Error Validating TX.cavvAlgorithm Value	Transaction failed, named parameter caused a problem.
4460	Error Validating Message Id	Transaction failed, named parameter caused a problem.
4470	Error Validating (MsgId, Xid, Purchase.currency, Purchase.exponent, Purchase.purchAmount) Within PAREq and PAREs Messages	Transaction failed, named parameter caused a problem.
4480	Error Validating PAREs Id	Transaction failed, named parameter caused a problem.
4490	Error Validating ISO Currency Code	Transaction failed, named parameter caused a problem.
4500	Error Validating ISO Currency Exponent	Transaction failed, named parameter caused a problem.
4510	Error Validating TX.time	Transaction failed, named parameter caused a problem.
4520	Error Validating Installment Value	Transaction failed, named parameter caused a problem.
4530	Error Validating Installment Value, Must Be Greater Than 1	Transaction failed, named parameter caused a problem.

4531	Error Validating Payment Type value	Transaction failed, named parameter caused a problem.
4535	Error Validating IPAddress Value, Must Be Formatted	Transaction failed, named parameter caused a problem.
4536	Error Validating ISO 3166 Country Code	Transaction failed, named parameter caused a problem.
4537	Error Validating TransactionId value	Transaction failed, named parameter caused a problem.
4540	Error Validating PAREs Id and Reference URI	Transaction failed, named parameter caused a problem.
4550	Error Validating PAREs, Invalid Message.Signature.CanonicalizationMethod xmlns Attribute	Transaction failed, named parameter caused a problem.
4560	Error Validating PAREs, Invalid Message.Signature.SignatureMethod xmlns attribute	Transaction failed, named parameter caused a problem.
4570	Error Validating PAREs, Invalid Message.Signature.SignedInfo xmlns attribute	Transaction failed, named parameter caused a problem.
4580	Error Validating PAREs, Invalid Message.Signature xmlns attribute	Transaction failed, named parameter caused a problem.
4590	Error Validating PAREs, Invalid Digital Signature Value	Transaction failed, named parameter caused a problem.
4591	Signature verification failed	Transaction failed, named parameter caused a problem.
4600	Error Validating PAREs, Invalid Message.Signature.CanonicalizationMethod Algorithm Attribute	Transaction failed, named parameter caused a problem.
4610	Error Validating MsgId Within CRReq and CRRes Messages	Transaction failed, named parameter caused a problem.
4620	Error Validating MsgId Within CRRes Messages	Transaction failed, named parameter caused a problem.
4630	Error Validating CRRes Message, Message Not Found	Transaction failed, named parameter caused a problem.
4640	Error Validating CRRes Message Elements	Transaction failed, named parameter caused a problem.
4650	Error Validating CRRes, Invalid Card Start Range Values	Transaction failed, named parameter caused a problem.
4660	Error Validating CRRes, Invalid Card End Range Values	Transaction failed, named parameter caused a problem.
4670	Error Validating CRRes, Invalid Card Range Actions	Transaction failed, named parameter caused a problem.
4680	Error Validating CRRes, Invalid Serial Number	Transaction failed, named parameter caused a problem.
4685	Error Validating CRRes, Serial Number Not Found	Transaction failed, named parameter caused a problem.
4690	Encountered and within CRRes, no action taken on the Card Range Cache	Transaction failed, named parameter caused a problem.
4700	Error Validating CRRes, Version Element Not Found	Transaction failed, named parameter caused a problem.
4710	Error Validating CRRes, Message Id Element Not Found	Transaction failed, named parameter caused a problem.

4720	Error Validating CRRes, ThreeDSecure Element Not Found	Transaction failed, named parameter caused a problem.
4761	Error Validating TermURL	Transaction failed, named parameter caused a problem.
4762	Error Validating Payload	Transaction failed, named parameter caused a problem.
4770	Error Validating AAV Control byte	Transaction failed, named parameter caused a problem.
4780	Error Validating AAV Sale Amount	Transaction failed, named parameter caused a problem.
4790	Error Validating AAV Sale Amount Truncation Value	Transaction failed, named parameter caused a problem.
4800	Error Validating AAV Transaction Currency Code	Transaction failed, named parameter caused a problem.
4810	Error Validating Merchant Name Hash	Transaction failed, named parameter caused a problem.
4820	Error Validating Merchant Transaction Stampq	Transaction failed, named parameter caused a problem.
4910	Authentication Data Not Available	Transaction failed, named parameter caused a problem.
9000	Unable to communicate with MAPS Server	Transaction failed, named parameter caused a problem.
9010	Error parsing XML Response	Transaction failed, named parameter caused a problem.
9020	The server name or address could not be resolved	Transaction failed, named parameter caused a problem.
9030	The URL does not use a recognized protocol	Transaction failed, named parameter caused a problem.
9040	HTTP(S) Request Timed Out or Invalid Timeout Specified	Transaction failed, named parameter caused a problem.
9100	Error Processing CRReq	Transaction failed, named parameter caused a problem.
9101	Error Processing Message Request	Transaction failed, named parameter caused a problem.
9102	Error Processing Lookup Request Message	Transaction failed, named parameter caused a problem.
9103	Error Processing Authenticate Request Message	Transaction failed, named parameter caused a problem.
9110	Unsupported PAREq Version requested by ACS	Transaction failed, named parameter caused a problem.
9130	Current Processing Mode Does Not Support Specified Message Type	Transaction failed, named parameter caused a problem.
9131	System Message Does Not Support Specified Message Version	Transaction failed, named parameter caused a problem.
9135	Check Order Number	Transaction failed, named parameter caused a problem.
9137	Payment Initiative and Message Type Mismatch	Transaction failed, named parameter caused a problem.
9138	Payment Initiative Not Supported Under Specified Message Version	Transaction failed, named parameter caused a problem.
9139	Card Type and Message Type Mismatch	Transaction failed, named parameter caused a problem.
9140	Message Version Not Supported	Transaction failed, named parameter caused a problem.

9141	General Authenticate Message Error	Transaction failed, named parameter caused a problem.
9160	Payment Initiative Not Supported	Transaction failed, named parameter caused a problem.
9161	Payment Initiative Supported, But Not Enabled	Transaction failed, named parameter caused a problem.
9201	Unsupported Message Type	Transaction failed, named parameter caused a problem.
