## Payment details overview

This view provides a detailed breakdown of all relevant information for a specific payment. The information is organized into several sections:

### 1. Common information

This section includes general details about the payment, such as:

- Merchant name
- Paygate Payment ID
- Payment status
- Authorized, captured and refunded amounts

### 2. Transaction list

Here you'll find a list of all transactions related to this payment, including:

- Date and time of each transaction
- Type of transaction (e.g., Authenticate, Authorize, Capture, Refund)
- Transaction description
- Response code
- Currency
- Transaction amount

### 3. Merchant information

This section displays merchant-specific details associated with the payment, such as:

- Reference number
- Merchant reference number
- Cardholder information text  
(Additional fields may be available depending on configuration)

## On this page

    - [2. Transaction list](#)
    - [3. Merchant information](#)
    - [4. Payment details](#)
    - [5. Shopping cart information](#)
    - [6. Further actions](#)
  - [Customizing the view](#)
  - [Close this window](#)

## In this section

- [Displaying an operation](#)
- [Displaying payment transactions for an operation](#)
- [Displaying Payments and Transaction](#)
- [Exporting operations with all information](#)
- [Finding operations using the global search \(optional\)](#)
- [Payment / Transaction Details View](#)
- [Reconciliation - Search operations for an account number](#)
- [Search and view Settlement files](#)
- [Search for operations for an account number](#)
- [Searching for and filtering operations](#)
- [Searching for operations for a payment method or a payment method provider](#)
- [Searching for settlement files](#)

## 4. Payment details

- [Viewing operations](#)

This section contains payment method-specific information:

- **Credit card payments:**
  - Card brand
  - Masked card number
  - Expiration date
  - Approval code
- **Direct debit payments:**
  - IBAN
  - Bank name

---

## 5. Shopping cart information

Displays the shopping cart data provided for this payment.

---

## 6. Further actions

Quick access to commonly used actions such as:

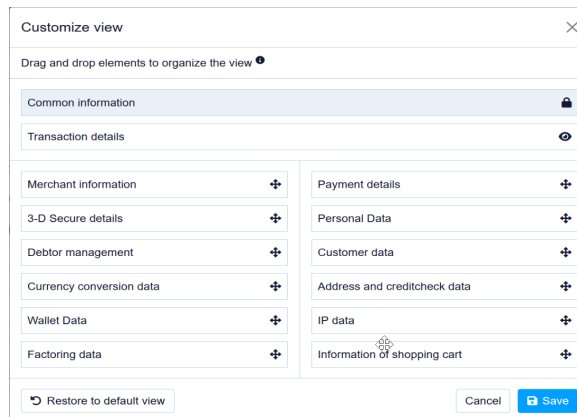

- Refund
- Capture
- Cancel
- **Delete person-related information** (if applicable)

*Available actions depend on your merchant setup and your individual user permissions.*

---

## Customizing the view

- All information is grouped into modular blocks.
- The "**Common information**" block is always visible as it contains essential internal data.
- **Transaction details** can be shown or hidden based on your preference.
- Other blocks can be **moved between the left and right columns** to suit your layout needs.

After you've finished your new view can be saved for future payment operations.

## Close this window

As these details are opened in a new tab / new window, you may close this window here – or just close the tab via browser-feature.
