

Searching for operations for a payment method or a payment method provider

The tab "View operations Statistics" allows you to have all operations for one payment method or one payment method provider within a specific period displayed. You can export the search results as an Excel file.

Overview of the search criteria

The software text “operation characteristics” refers to “characteristics of payment” in this case.

Characteristics of payment were accidentally designated as operation characteristics. Please note that this actually refers to characteristics of payment.

1. "Period" selection field
 2. "Operation characteristics" selection field
 3. "Search and Filter" button

Activating the "Period" selection field

When you click in the input fields for the date, a calendar opens in which you can select a date. When you click in the input fields for the time, you can define a time for the search.

Activating the "Operation characteristics" selection field

The software text “operation characteristics” refers to “characteristics of payment” in this case.

Characteristics of payment were accidentally designated as operation characteristics. Please note that this actually refers to characteristics of payment.

Characteristics of payment describe the payment method for an operation. You can either search for all credit cards, or select a payment method provider. The "All payment types" drop-down menu shows you all payment methods that have been enabled for you in Computop Paygate. Individual payment method providers appear under the respective main categories in the list. Descriptions of the main categories can be found in the "All payment methods" table below.

Application Button

The button at the bottom allows you to jump to the corresponding page within the application. You must be logged in to jump to the corresponding page within the application.
